What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels, (as mucous diarrhœa), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

STRIKE COLLAPSING.

The strike of organized labor in Washington against the "open shop" is on the verge of collapse. The labor leaders yesterday permitted union men to work with nonunion plumbers on the Municipal Building. As it was the presence of nonunion plumbers at this building which first caused the general dissatisfaction that subsequently culminated in the strike, the surrender of the labor leaders yesterday is assumed to mean the abandonment of the struggle, and it is expected that all the union men now on strike will make every effort to seek employment at their former jobs. Not many of them, however, will be successful, for the Employers' Association claims that it has, with the exception of plasterers, all the skilled labor it needs.

The collapse of the strike, while not unexpected, is the more remarkable because of the elaborate preparations that were made by organized labor to bring it about. About three weeks ago the leaders of all national and international labor organizations were summoned to Washington to confer on the wisdom of selecting the national capital as the battleground for a decisive strike for the principle of the closed shop. About two-thirds of the leaders of the great labor organizations went to Washington and were in session for more than a week. They sought a conference with the employers, but their overtures were curtly refused. There remained then nothing to be done but to order a general strike against all employers who refused to sign contracts guaranteeing the closed shop.

Meanwhile the Employers' Association had prepared for the coming contest. As fast as the work of the various members of the association was "struck" by order of the business agents of the various unions nonunion men were promptly put in the strikers' places, and it is stated by the officers of the association that in no case was the work stopped. Nonunion men came from Baltimore and many towns in Maryland, as well as from other cities in the north, and from the South there came a number of colored bricklayers, so that there was no dearth of skilled labor. It was stated that yesterday morning a union foreman of bricklayers accepted a position with a member of the Employers' Association to superintend the work of a gang of nonunion colored bricklayers. In some cases the managers of big supply houses came to the assistance of the Employers' Association by refusing to deliver supplies to builders who did not declare their allegiance to the "open shop." Under these circumstances the complete failure of the strike seems to be inevitable.

THE TELEGRAPHERS' STRIKE

Officials of the telegraph companies in New York said yesterday that the general strike order issued from Chicago at 1 o'clock that morning by President Small, of the Commercial Telegraphers' Union, had no effect on the situation either in that city or elsewhere.

All the telegraphers who were in sympathy with the strike movement had already gone out, they said, without orders from Small, and the latest mandate from the head of the union was, because of that fact, practically inoperative.

Coupled with the declaration of President S. J. Small, of the telegraphers' union, that he and his followers are ready to starve in the gutter before they will surrender to the telegraph companies, the strike situation in Chicago yesterday became even more serious with the threatened walk-out of a number of allied trades men. President Small declared that the operators never would surrender to the telegraph companies, and that the only possible way to secure their return was through the telegraph companies conceding the demands of the new wage scale. "The men and women of the telegraph companies are ready to starve. They will sleep in the street if necessary, and I will go with them, before they will surrender," said the chief.

A conference between Small and President Gompers resulted in a renewal of the arbitration talk that grew unpopular with the Chicago strikers early this week. President Small said he would accept the offices of the general board of arbitration of the federatson.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUG. 17, 1907.

OFFICALS in Washington whose duty it is to keep an eye on the big corporations to see they obey the law and who have of late been giving special attention to the matter of inter-corporate relations and control are watching with peculiar interest the present disturbances in Wall street. They have a very strong suspicion that the late slump in stocks has been brought about by an effort on the part of the big railroads to readjust their relations to one another and to the small roads in which they have obtained a preponderating interest, if not actual control, in the last 10 or 15 years. It is the theory of the officials that the big roads have come to the conclusion it is the part of wisdom for them to take time by the forelock and sever their stock-owning relations with roads that may be regarded as competitive, which relations are obnoxious to the spirit, if not the letter, of the Sherman law and clearly at variance with public sentiment. It is believed by many that the men in control of the big systems, forced to the conclusion that the only safe course for them to pursue is to yield to the law and to public opinion, for some time have been quietly disposing of their stocks in rival roads, this steady feeding of the Wall street market bringing about the present remarkable era of low prices. If this theory be correct, that fact will be shown in the next few months through the investigations of the Interstate Commerce Commission into the matter of intercorporate relations of the roads.

CONSIDERABLE excitement was created in Buffalo, N. Y., banking circles yesterday when the Buffalo Savings Bank made the announcement that it would pay 4 per cent. instead of 3½ per cent. the rate that has prevailed until now in all Buffalo banks and trust companies for about eight years. The action of the Buffalo Savings Bank was a complete surprise to all the other Buffalo banks. In making the announcement the secretary of the bank said that the bank last year earned $253,000 over and above all expenses and that the deposits aggregated $26,000,000. The directors concluded that rather than turn the earnings into the surplus and pay a high State tax they would give a large part of them to the depositors, in this case $130-000 annually. It is believed other Buffalo banks will follow this lead and that the rate of interest paid by the banks in that city will be increased by many of those in other States. Money is now in greater demand than it has been for some years past.

KISSING BABIES is an antique trick of would-be public servants, but the latest enterprise is to wrap sugar kisses in miniature piece of paper bearing poetry concerning candidates instead of the love ditties of old. One of the competitors for legislative honors from this district has adopted this method of bringing his candidacy to the attention of voters. The sugarkisses are probably to be distributed after the osculatory acts of the candidate toward such specimens of the infantile creation as are presented to him. The result of this mode of electioneering is awaited with interest.

A YOUNG BEAR gained his freedom from a shed in which he had been confined at Long Island City yesterday, and, in imitating "Jack the Hugger," started out on an embracing tour. He endeavored to hug a Polish servant girl and later attempted to throw his paws around a bulldog. The dog resented the familarity in such a way that the bear had to be shot when the dog was through with him. Bruin will now be stuffed and put in the window of a saloon in Long Island City.

DESPITE fines, heavy legal costs, ect., the Standard Oil Company keeps on dauntlessly paying dividends. So far this year it has paid $30 a share, the same as last year. So long as it holds secure the taxing power inherent in its control of the oil supply it can pay its fines and its dividends and maintain its accustomed serenity.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 17.

With regard to the report that a definite agreement has been reached between this country and Great Britain concerning the New Foundland fisheries which will enable the American fishermen to pursue their vacation without trouble from the New Foundland government during the present season, it was tated at the State Department to day hat the matter has not yet reached that tage. The negotiations are proceeding micably, with the every appearance hat they will be soon concluded satisactorily, but the final agreement has not yet been made. The prospects are also favorable for the conclusion of a general treaty between England and the United States covering all fishing questions between this country and Canada and New Foundland, which will abviate the necessity of making a separate modus vivendi for each fishing season.

Awards for the construction of fourteen steam shovels for use on the Panama Canal have been made by the Isthmian Canal Commission. Seven are to be furnished by the Bucyrus Co., of South Milwaukee, Wis., at $9,680 each; and seven by the Marion Steam Shovel Co., of Marion, O., at $10,037.50 each. The object of dividing the award is to give an opportunity to test the merits of the Marion shovels, all those now in use having been supplied by the Bucyrus Company.

Rear Admiral Dayton, commanding the first division of the Pacific fleet, reports to the Navy Departmeht that he arrived at Yokohama today. After coaling he will sail for Honolulu next Thursday. The fact that the ships were to remain in Japanese waters nearly a week longer, indicates that the Navy Department is not at all apprehensive for their safety, or fearful that insults will be offered, on account of the anti-American sgitation in that country.

The Atlantic battleship fleet under Rear Admiral Evans will begin its battle exercises August 25th. These maneuvers will extend all down the coast from New England to the southern drill grounds of the the Virginia Capes.

Commissioner of Labor Neill arrived in Washington this afternoon from Chicago. He declined to discuss the telegraphers' strike situation. It is expected that he will go to New York tonight or to-morrow, and that he will consult with the President at Oyster Bay.

Three additionul cases of yellow fever in Cuba were reported to the War Department today.

AFTER THE GRAFTERS.

Both criminal and civil proceedings against all persons concerned in the fraudulent transactions in connection with the construction and furnishing of Pennsylvania's $13,000,000 Capitol are recommended in the final report of the Capitol investigation commission made to Governor Stuart yesterday.

Eighteen persons are named in the report as being involved in one way or another in the irregular transactions, and the Attorney General, through the Governor, is urged to act at once.

The name of Governor Pennypacker, who by virtue of his office was a member of the board of public grounds and buildings which let the furnishing contracts, and those of former Governor Stone and his associates, who made up the commission which constructed the Capitol, are not mentioned in the list of persons against whom the investigators recommend that action be taken.

The commission says that it was able to ascertain by testimony that it was able to ascertain by testimony that goods costing $1,574,399 were sold to the State by Sanderson and the Pennsylvania Construction Company for $6,434,748, a profit of $4,860,349.

BENTON'S WOODS MEETING.

The fiftieth annual camp meeting of the Loudoun Association began yesterday at Benton's Woods, near Middleburg, and will continue until August 28. The meetings are under the auspices of the Baltimore Conference of the Methodist Church, and are conducted by Rev. E. V. Regester, of the Alexandria district, assisted by Rev. John E. Brown, of Missouri; Rev. J. W. Duffy, of Winchester, and other ministers of the Conference. August 26 is set apart for a reunion of Confederate soldiers, and addresses are expected to be delivered on that day to the veterans by Senator John W. Daniel, Rev. J. William Jones, D. D.; Dr. James Powell Smith, an aid to General Jackson; Rev. J. W. Duffy, D. D., and Elder Dalton.

YACHT BURNED.

Sailing from Manteo, N. C., to Nags Head, yesterday, with a jolly party of pleasure-seekers aboard, the yacht Edna May, Capt. White, was burned to the water's edge. Miss Cora Midgett, one of the party, sprang into the water to escape the flames and was drowned. A negro member of the crew was prehaps fatally burned in attempting to put out the flames. The remaining members of of the pleasure party and crew were rescured by a negro in a sail boat and taken to Nags Head. The Edna May carried a gasoline engine, and the gasoline tank is supposed to have exploded. Miss Midgett jumped into the water when the explosion occurred. The negro arrived in the sail boat five minutes later.

WHISKY TAXES IMMENSE.

Two districts in the corn belt contributed, as usual, the largest amount of internal revenue to the government during the last fiscal year. The largest revenue receipts from these districts was due entirely to the manufacture of whisky. The Fifth Illinois district, of which Peoria is the center, contributed to the federal treasury $35,577,448 in taxes on corn whisky, and the Seventh Indiana turned in $18,370,191. Kentucky, where the rye whisky industry distilleries predominate, took a high place as usual, the Fifth district alone yielding $15,654,191 in internal revenue taxes. The total internal revenue receipts of the government from all sources during the last fiscal year were $269,664,922.

NO SUNDAY OPENING.

The Exposition grounds will not be opened to visitors on Sundays as Director-General Barr hoped to have them. Mr. John H Edwards, Assistant Secretary of the Treasury, and members of the Government Exposition Board were there yesterday and advised that it would be impossible to open the gates on Sunday, as the Jamestown Exposition Company signed a contract with the government agreeing not to do so when the last exposition appropriation was made by Congress. It was a condition of the appropriation, Mr. Edwards explained, and that it was not within the power of the Government Exposition Board or any officer to abrogate that agreement.

PREFERRED JAIL TO WIFE.

Chas. J. Phister, a Philadelphian, went to jail at Atlantic City yesterday to escape his wife, who, he declared, had made his seashore visit unbearable by heading him off from every sort of pleasure, even to forbidding him being served with drinks in Broadwalk thirst parlors. The man appeared at the police station early yesterday evening, and preferred his request that he be placed in a cell, accompanying the demand with another that she be locked outside. The woman told the police that she had only stuck close to her husband to prevent his accumulating a seashore jag, which she declared to be one of his weaknesses, and went away, apparently satisfied, when she had heard the key turn in his cell.

News of the Day.

Nine persons are suffering from severe injuries today rs the result of two automobile accidents in New York.

An unknown man leaped into the upper rapids from Prospect Park at Niagara Falls last night. He was swept over the American Falls.

The home of Mrs. Mary McDonald, a widow residing alone in Montgomery, Ind., was wrecked by dynamite at 3 o'clock yesterday morning, and Mrs. McDonald was so badly injured that she may die. There is no known motive for the outrage, and no clew to the perpetrator has been secured.

The Boston telegraphers made a new move against the companies today, when they announced their intention of complaining to the State police against the employment of women in the local telegraph exchanges. They charge that women operators are worked over hours and at times forbidden by the State labor law.

An appeal to Washington is to be made by John Buglar, a wealthy Wall street New York broker, against the military authorities of Fort Wadsworth on the charge that they are protecting from the arrest three soldiers who Buglar claims, while in full uniform held him up last night, assaulted him and Mrs. Bugler and robbed them of valuables.

After being insanely jealour of his wife for thirty years, ever since their marriage, Valentine Hess, a barber, of Seacliff, L. I., today shot her three times and killed himself. It is believed that the woman is mortally wounded. The three grown daughters of the couple were in the house at the time. It is said that there has never been a suspicion against Mrs. Hess.

New York is in serious danger of a milk famine and every effort is being made to keep up the supply until after the hot weather, as thousands of babies and sick ones among the poor are practically dependent upon the milk man for their lives. Parched fields, following the drought, and lack of good feed for cattle in the surrounding country has brought about a serious situation.

That the Tammany society has voted a new mortage on the Fourteenth street wigwam to raise funds for the coming primary election is bitterly denied by leaders of the organization. Politicians laugh at the sedinals, however. They say Tammanyites realize that they have a hard fight ahead if they expect to beat Mayor McClellan and many sources that have hitherto contributed liberally to their campaign fund, are now closed against them.

As Cardinal Merry del Val, the papal secretary of State, was on his way to Castle Gandolfo, Italy, Thursday evening, he was surrounded, as he was passing through Marino, by an anti-clerical mob and insulted and assaulted. An inspector of police and others hastened to the spot, and prevented the cardinal from being injured. One policeman was seriously wounded in the fracas. The outrage is considered the beginning of an organized anti-clerical campaign, and the police precautions have been increased.

Col. Hariam Parks Bell, the last surviving member of the Second Confederate Congress, died at his home at Atlanta yesterday, aged 81 years. He opposed secession, but went with his State. He enlisted as a private, rose to the rank of colonel, and was desperately wounded at the battle of Chickasaw Bayon in 1862. After the war he was elected to the United States Congress. He always favored disfranchisement of the negro, and, although dying, he said "thank God," when told that the Georgia legislature had this week barred the negro.

The tragic death of Phillip Partridge, aged twenty-four, son of Rev. Dr. Warren P. Partridge, of the Fourth Avenue Baptist Church, of Pittsburg, Pa., the largest Baptist Church in Pittsburg, has ended a pretty romance that was to have terminated in marriage within a few weeks. Partridge, together with his fiancee, Miss Alice Minard, were spending their vacation at Kennebunk, Me. On Thursday night they learned of the great fire at Old Orchard, Me., and started to drive to the scene. While so doing the rig was struck by a Boston and Maine train, near the outskirts of Kennebunk. Partridge was killed instantly, and Miss Minard received serious injuries.

CLAIM RATE LAW CONFISCATORY

George E. Evans, fourth vice president of the Louisville and Nashville Railroad, and Russell Harding, former vice president of the Chicago, Cincinnati and Louisville Railroad, were witnesses yesterday in New York before the master in chancery appointed by Judge Pritchard, of the United States Circuit Court, to take testimony in the injunction suit that has been brought by the Southern Railway Company in its fight with North Carolina against the 2 1-4 cent passenger rate.

Both witnesses were called as experts by the Southern's lawyers, and they corroborated the Southern's contention that the railroad's local or intra-state traffic costs considerably more than the average cost of all traffic. It is on this contention that the Southern relies mainly in its allegation that the new rate law is confiscatory. The railroad lawyers argue that any rate fixed by the State for local traffic must be based solely on the earnings from the local traffic, and not on the combined earnings from local and through traffic.

In answer to Wall street's charge that he is treating lightly the great financial and industrial enterprises of the country, Attorney General Bonaparte has made plain that he is not to be swerved from his purpose of proceeding against illegal combinations of capital by criticism from any source.

New York Stock Market.

New York, Aug. 17.—The market made a fair show of strength for a time after the opening decline and then remained quiet for a short interval, when renewed selling appeared and the downward movement started which was in full swing at the end of the first hour. The selling of several stocks caused renewed raids all around the room and prices generally yielded from 1 to 2 points before another rally occurred. This came just after the end of the hour. Some covering of shorts and a little support caused fractional recoveries.

No official announcement has been made as yet, but the road is preparing to put the new tariff into effect without any effort to thwart the purpose of the State.

Jacob Talley, the 19-year-old son of J. P. Talley, the senior member of the Roanoke police force, was shot and fatally wounded Thursday night by Warren Armentrout, aged 25. The men quarreled about a dog belonging to Talley, and when Talley struck Armentrout the latter shot Talley in the abdomen, inflicting what the doctors pronounced a mortal wound. Talley is in a hospital, and Armentrout is in jail.

Walker, jr. and Arleane Walker, besides his mother, Mrs. Mary Zirkle, of Woodstock, and brother, Robert J. Walker, of Mount Jackson. KILLED AT A FIRE.

Through the collapse of a section of the fifth floor in the warehouse occupied by the Grotjan-Lobe Co. and N. B. Lobe & Co., at 305 and 307 West Baltimore street, Baltimore, yesterday afternoon shortly after 5 o'clock, following a fire in the structure several hours before, one fireman was killed and 14 others were injured. The dead man was George Edward Gill, aged 48, tillerman of No. 4 Truck Company. He leaves a wife and five children.

The collapse came a long time after the firemen had extinguished a serious blaze, which broke out shortly before 1 o'clock, and which burned fiercely for more than an hour, being fed by rolls of matting, boxes of shoes, clothing and other inflammable material stored on the fourth and fifth floors of the building.

About 50 men from two engine and two truck companies, and men of the Salvage Corps, were at work on the fifth floor cleaning up the debris, when, without an instant's warning, the floor sunk under them. The rolls of water-soaked matting, the heavy boxes of goods and a mass of general debris crashed through the fourth floor, carrying a large section of that floor on the west side of the building through to the third floor, and precipitating nearly all the firemen to that floor.

All but fifteen escaped without a stratch. Several who escaped injury were pulled out of the debris by companions, but 15, including Gill, who lost his life, were fastened in and could not be extricated for a time. That more of the men were not killed or seriously injured is considered remarkable.

The damage caused by the fire will reach $75,000.

ANXIETY IN CUBA.

The whole island of Cuba was in a state of excitement yesterday on account of continuous petty rebellions in several sections.

A sensation was caused yesterday morning when the authorities learned that a careful plot had been laid for a general uprising on August 19. Gangs of from five to 50 men have organized in various parts of the island, armed themselves and taken to the woods, according to reports constantly coming in.

It was discovered that all the bands have been ordered by some unknown leader to delay depredations until the day set for the general uprising, when it is planned to start rebellious bushwhacking warfare from one end of the island to the other.

The authorities are unable to determine whether the movement is of such definite organization as to contemplate an effort to establish a serious revolution with the ultimate purpose of gaining control of the government. Owners of plantations and all big property interests in the island are greatly disturbed by the reports, and it is feared heavy property loss will result if the desperadoes really make a concerted attack.

In some sections it is said armed bands already have seized provisions and articles desired for their comfort in the woods.

Ultimatum to General Drude.

Casablance, Morocco, Aug. 17.—An ultimatum has been sent to General Drude, commanding the foreign forces, by the Kabyle tribes demanding the immediate surrender of the town. Failure to comply will result in a general attack by Arabs in great force. The town will be destroyed and all the French put to death.

General Drude has as yet sent no answer to the ultimatum.

Tangier, Aug. 17.—The loss of his throne may be the price the Sultan of Morocco will pay for the present uprising throughout this country. While so far the agitation has been directed to driving out all foreigners, it is expected to culminate in a united effort to overthrow the Sultan. It is the fear of such an attempt, it is reported here, which has caused the palace guards at Fez to be greatly strengthened and led to all the consulates there being placed under military protection. Several aspirants to the throne are known to be perfecting arrangements to seize the coveted prize if the opportunity presents itself.

Paris, Aug. 17.—Tribesmen from every part of Morocco are being summoned for a general battle with the French and Spanish occupants of Morocco. This is the alarming news reaching here today. The word was brought by fugitives from other towns who are arriving at Casablanca.

In reponse to the call, tribesmen are reported to be hurrying toward Casablanca by the hundreds. It is expected that an army of 20,000 natives will be recruited before the heralded attack is made.

Gen Drude, commanding the forces at Casablanca, has manifested no fear of his ability to defeat any force that may be sent against him. With the arrival of Spanish reinforcement he now has 35,-000 men.

He considers his position impregnable. Eighteen guns have been mounted on the defenses, commanding the approaches from every direction, controlling all the heights. General Drude says no Moorish force can approach within 20,000 yards without being discovered.

"Even if we are attacked on all sides at once we will still have nothing to fear" is the way he summarizes the situation.

So confident is the commander that he does not believe another general attack will be made on the city despite the call of the Moors for a general assault.

The Telegraphers' Strike.

New York, Aug. 17.—Repeated charges that the telegraph companies are defrauding the public by accepting telegraph tolls for messages and then sending them by mail, express and telephone, were made by the officials of the telegraphers' union today. Officials of the company would reply to such charges only by saying they are utterly ridiculous, as the companies claim they have more than enough operators to handle the business.

In the meantime, the strategy board, composed of Messrs. Small, Russell, Quick and Perham, are going ahead today with their plans for a test of strength between the telegraphers and telegraph companies. Commissioner Neill will explain the Chicago situation to President Roosevelt today and at the same time Gompers will confer with the executive board of the national labor organization. As a result of these two important conferences it is expected that a board will soon be appointed to discuss settlement terms.

President Samuel Gompers' report to the national executive council of the American Federation of Labor will recommend among other things the indorsement of the strike by the 2,500,000 organized workers of the United States and the acceptance of the working alliance with Canadian telegraphers, and a proposal to vote strike funds of $1,000,000 to be held in reserve until a national strike assessment may be made in the ranks of all affiliated unions, the total amount to be determined by the liberality of the various unions.

At the general offices of the Western Union the statement that the strike is over and that therefore there are no developments in the situation was reiterated.

"We are having no trouble, whatever," said Supt. Brookes. "The business is moving as usual. We have more men than we need."

Vice President Nally of the Postal said the strike conditions were continually improving, and that the only place where there was any difficulty was in the South.

New York, Aug. 17.—It was announced at the headquarters of the local telegraphers union this afternoon that plans have been completed for a ninety days campaign against the companies.

Chicago, Aug. 17.—President Small has issued an order for a closed shop to apply in every broker's office in the country.

Chicago, Aug. 17.—The telegraphers' strike has reached as far as Havana. President Small today received a cablegram from the Cuban city signed by the president of the local union there asking for instructions. Small immediately sent a reply ordering the operators in Havana to walk out. The number that will be involved is not known here.

Chapalin Jones.

Norfolk, Va., Aug. 17.—Chaplain Harry W. Jones, of the United States navy, convicted of several violations of the naval regulations and sentenced to dismissal from the service, is reported prostrated by the court-martial's verdict and refuses to see any one or give out a statement concerning the case. The testimony in the Jones case introduced in support of charges of financial irregularies involving the utterance of worthless checks and the issuance of notes not honored on maturity was finished August 12. There were seventeen specifications. Jones was severely examined by the judge-advocate and pleaded guilty on several specifications. The decision of the court-martial has yet to be reviewed by the navy department which has the power of mitigating the penalty.

POTOMAC BAPTIST ASSOCIATION.

The Potomac Baptist Association met in its 52nd annual session with the Marshall Baptist Church in Fauquier county on Wednesday, Thursday and Friday of this week. It was considered to be one of the largest meetings ever held by the association. Judge C. E. Nicol was unanimously re-elected as moderator. Prof. J. Arthur Otley, of Philomont, re-elected as clerk; Mr. Jas. R. Mansfield, of this city, assistant clerk, and Hon. John W. Kincheloe as treasurer. A most cordial and chaste welcome was extended the body by Rev. V. H. Council, pastor of the Marshall Church, and an appropriate response in behalf of the association was made by Dr. Chas. T. Herndon. The following clergymen were recognized from time to time by the moderator: Dr. Geo. Quick, of Newport, R. I.; Revs. C. Kelly Hobbs, of Portsmouth; T. G. Nevitt, of Marshall, and Dr. W. E. Hatcher, of Richmond. The introductory sermon was delivered by Rev. J. D. Bradford from the text Math. 10: 39. Forty-seven out of the 55 churches in the association were represented by letter and messenger. The reports on the Baptist Orphanage ministers relief, Sunday school and Bible board, board of education, education commission, State missions, and home missions were read and discussed. The reports submitted show the churches of the association to be in a most healthy condition both numerically and financially. A very large increase was noted in the membership. During the associational meeting services were also held in the Methodist and Episcopal Churches where sermons were delivered by Revs. S. W. Cole, C. K. Hobbs, T. T. D. Clark, Dr. J. B. Lake, J. A. T. Martelier, Dr. George Quick and F. P. Berkley. The closing sermon was delivered by Dr. W. E. Hatcher, who took as his subject: "The Continuous Obligation of Christian Baptism," from the text, Romans 6: 3 and 4. The delegates from this city returned to their homes last evening high in their praise of the welcome and hospitality accorded them. The association next year will be held with Mount Hope Church, Loudoun county, and Dr. Charles T. Herndon will deliver the introductory sermon.

FATAL FALL.

John Turner, an employee of the Washington, Alexandria and Mount Vernon Railway Company, received an electric shock and fell from the top of a tower car at Spring Park shortly before 12 o'clock this morning and died soon after reaching the Alexandria Hospital. Turner was engaged in cutting in a new line at Spring Park, and while on the top of the tower car took hold of the trolley wire and a dead wire. The unfortunate man received a shock which knocked him from the car. In falling Turner struck on his head and received fatal injury. He was picked up, placed in an automobile and, accompanied by Dr. Gorman, was conveyed to the Alexandria Hospital. He died about fifteen minutes after he had reached that institution. The deceased was 33 years old, unmarried and was a native of North Carolina. He had been employed by the company about one month.

REMAINS OF TUGBOAT.

What are believed to be the remains of the tugboat Gilmore Meredith which was partially destroyed by fire at one of the Georgetown wharves in 1889 have been encountered in removing the piers of the old Long Bridge. In order to save shipping from destruction, the boat was cast adrift when it was realized that it would be impossible to save her. The hull and machinery disappeared and were never located. It is now believed that they have been buried in the mud at the bottom of the Potomac, having been arrested in their course down stream by one of the piers of the old bridge.

EARLY MORNING DOG KILLING.

Twelve luckless and ownerless canines which had been netted by the men in charge of the dog cart were dispatched by Officers Sherwood and Arrington in the jail yard at an early hour this morning. The baseball bat was not used at the execution, but the pistols of the officers were brought into requisition.

HORSEMEN'S ASSOCIATION.

A number of residents of this city met at 817 King street yesterday afternoon, and organized the Alexandria Horsemen's Association. A committee was appointed to apply to the State Corporation Commission for a charter of incorporation. The purpose of the organization is to hold a horse show in or near this city annually.

Mr. Windsor W. Demaine was chosen temporary chairman and Mr. J. S. Douglas, jr., temporary secretary.

A committee appointed several days ago to negotiate for a lease of the old St. Asaph race track reported that satisfactory terms with the owner could not be made and stated that another piece of property, which may be leased or purchased, is under consideration.

A permanent organization was then formed with the following officers: President, Judge J. K. M. Norton; first vice president, Gardner L. Boothe; second vice president; E. E. Downham; third vice president, James Patterson; secretary and manager, Charles R. Hooff, jr., and treasurer, C. Jones Rixey.

FINED TEN DOLLARS EACH.

Between 12 and 1 o'clock this morning several young men proceeded to a house on north Lee street, but were denied admission by the proprietress. One of the party became incensed, and took a burning lamp from a bracket in the vestibule and, throwing it down, broke it. The youngsters then decamped, apparently unconcerned as to the fate of the house or the inmates. The burning lamp, however, was extinguished before any material damage resulted. Officers Ferguson and Gill, who heard the outcry of the women, hastened to the house and gave chase to the young men. There were eight in the party, but the officers succeeded in capturing but two of them, they having been overhauled on Royal street, between King and Cameron. Upon being taken to the station house one of the prisoners (an Alexandrian) left collateral for his appearance this morning, but his companion (a Marylander) was locked up. They were brought before the Police Court this morning and fined $10 each.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Nepps, colored, charged with escaping from the Charlottesville jail, was held for the authorities of that place.

Kate Williams, charged with drunken and disorderly conduct, forfeited $10 by failing to appear.

Two young men, charged with disorderly conduct and defacing property, were fined $10 each.

Rose Johnson, colored, charged with escaping from the work house, was sent to jail for 40 days.

Robert Brown and Beulah Johnson, both colored, charged with vagrancy, were fined $5 each.

James Feston fell from a wagon in this city yesterday and had one of his hands seriously cut. He was taken to the Alexandria Hospital.

OPERA HOUSE.

Manager Underwood of the Opera House has been trying for some time to get "The Kamberger-Bachman Repertoire Co." for the patrons of his house, and at last he has been successful in securing them for a three nights engagement only, commencing Thursday, September 5th. This is one of the few companies that carry their own scenery.

CLIMATE DYES HIS GRAY HAIR.

Friends and acquaintances of Thomas G. Leath, a prominent Richmond man, were staggered yesterday by a metamorphosis in his appearance. Gray for many years, his hair is turning black again and he is now looking younger than he seemed five years ago. Leath is in Richmond on business for a few days, having come to town from Roanoke, where he is spending the summer. His gray hair began to take on a dark hue some months ago, passing from one shade to another and darker until the present appearance was reached. Leath says that the climate of Florida is responsible for the singular change, laughingly adding that while sojourning there last winter he stumbled upon the fountain of youth for which Ponce de Leon searched in vain.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

FACTORY GIRLS FIGHT.

About 100 girls who are employed in a flax mill in the Falls district in Belfast, Ireland, commenced a discussion yesterday afternoon of recent events in the city, and, as they were about equally divided as to politics and religion, a conflict very soon succeeded the talk. The overseers of the factory strenuously endeavored to separate the combatants, so as to prevent them from wrecking the interior of the factory, but as they failed in this the whole lot of girls were eventually driven outside. In the street the fight assumed the proportions of a pitched battle, the girls effectively using their hands and feet. Several elderly women, in endeavoring to act as peacemakers, themselves became embroiled in the fray, and it was sometime before the amazons could be induced to cease fighting.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 05c.

RHODE WHEEL IN SLEEP.

The ghost-like apparition of a girl astride a bicycle flitting about the streets after midnight will not startle residents in the East End of Fort Dodge, Iowa, any longer. For weeks pedestrians abroad late at night have been frightened. A policeman attracted by a crash and a scream Thursday night, ran around the corner and solved the mystery. He found a young and pretty girl clad in a thin night dress, which had suffered severely when the wheel she was riding struck a brick. The girl was dazed, but told the policeman where she live. He escorted her home and startled her father, a well-known merchant, who thought his daughter was safe in bed. The girl said she had no recollection of her night bicycling. She took these ghostly trips in her sleep.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

INHERITS MORE WEALTH.

By the death today of a rich aunt, William Waldorf Astor, the expatriated American millionaire, living in England, already reputed one of the wealthiest men who draw their money from the United States, will inherit a $3,000,000 estate and a handsome villa with its contents. Miss Zela Gibbes, from whom Astor will secure the inheritance, died yesterday at Newport. Her sister, Martha Gibbes, married the late John Jacob Astor.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

TO THE DEMOCRATIC VOTERS OF ALEXANDRIA CITY AND COUNTY: I respectfully announce that I will be a candidate for re-election to the House of Delegates of Virginia, subject to the decision of the democratic primary to be held on the 10th day of September, 1907. I beg to express my sincere appreciation of the confidence expressed by my fellow citizens in conferring this honor upon me for three successive terms, and to assure them, if re-elected, that, as I have in the past, I will in the future devote my best energies and abilities to represent faithfully the interests of the constituency which has so often honored me.
